

You will find below the **DJEEP Jr** cutting caliber.
This .pdf file is editable with Adobe ILLUSTRATOR CC.

Make sure your illustration covers, at least, the entire red area (77mm X 49mm).
All decoration options must be inside the light blue line area. For example, it is not possible to have the TOUCH & FEEL option (embossed effect) outside of this area.

Your artwork needs to be in CMYK, not RGB.

Do not forget to vectorize the fonts and embed the images.
If possible, send us your artwork in .psd or .ai. If you save your artwork in .pdf, please select the option «keep this file editable»
